

www.refilltoner.com/downloads/cmykVerticalTest.pdf

Can help diagnose which colour cartridge or drum has a fault causing a vertical fault line down the page (usually, but not always, an absence of toner where it should be present).

Fault line affects:	Cartridge / drum with problem
Black only	Black
Blue only	Cyan
Blue and orange	Magenta
Yellow and orange	Yellow
All colours affected	Problem with a drum kit shared by all 4 cartridges
